# Huntington City Guide.

## THE CITY OF HUNTINGTON.

The city of Huntington has fully 11,000 inhabitants. The Ensign Car Works are located here and employ in the neighborhood 1,100 men. The success of these works has been great, and is largely due to the advantages of a location that gives the company cheap fuel, cheap iron and cheap lumber.

The C. & O. R. R.'s principal shops are located here, employing at least 500 men. The leading religious denominations are represented here, and have good church buildings, and able and zealous men for pastors. Full directory for each church will be found in this book. The Hebrews have secured a splendid corner lot and will erect a magnificent temple on it. Huntington's Public Schools are of the very best, having four large buildings which cost about \$70,000. In addition to the public schools, Marshall College, the largest normal school in the State, is centrally located here. It is the county seat of Cabell, and splendid public buildings will be erected on the south side of Fifth avenue between Seventh and Eighth streets. As a place for business or investment, Huntington has no superior in the State.

## CITY OFFICERS.

MAYOR—HAMILTON DICKEY.

R. Enslow (R.); term expires 1893.

H. M. Adams (R.); term expires 1891.

B. H. Thackston (D.); term expires 1891.

**HUNTINGTON PUBLIC SCHOOLS.**

The schools of Huntington, keeping pace with the growth of the city, have made marked progress, and now rank with the best in the state. The city's buildings are constantly inadequate.

The oldest building, comprising eight rooms, is located on Fourth avenue near Seventh street. Another of four rooms is on the corner of Third avenue and Twenty-second street. In 1888 was completed a ten room building at the junction of Fifth avenue and Thirteenth street, which is modern and first class in all its appointments, being fitted with the best of desks, heated and ventilated by the Smead system, and provided with the Smead dry closets.

Another building of eight rooms will be completed by September, 1891, at the corner of Sixth avenue and Twentieth street; and at the same time one of four rooms for the negro scholars will be built on Sixteenth street, both to be first class in every respect.

The teaching force now consists of a superintendent, teacher of vocal music and thirty-two teachers, and the enrollment of pupils is 1612.

The course of study in our schools is fully up to the best, and is administered by an earnest and efficient corps of teachers.

The course includes nine years of eight months each, and a high

821 Third Avenue.

school course of three years, which will this year be lengthened to four years.

Aside from the regular branches of study, pupils are daily instructed in vocal music, drawing and physical culture. The high school course includes careful instruction in literature, current topics and elocution, with a special practical course of two years in book keeping. A special feature in the schools from the sixth grade upward is the daily instruction in composition under a special teacher, and excellent results are apparent.

A monthly magazine, "The School Mirror," is published by the superintendent, which is doing a good work in harmonizing patrons and teachers, giving to the people a clear understanding of the methods of the schools, and furnishing an incentive to pupils to do good composition work.

The system of examinations is such as to avoid stagnancy of intellect on the part of the teachers, in that instead of re-examining each year, those holding first grade certificates are examined on two or three additional studies each year, and credits for these added to their certificates.

Our citizens are justly as proud of their schools as of any other feature of our thriving young city.

### BOARD OF TRADE.

J. K. Oney, President. Frank A. Nash, Samuel Gideon. Vice-Presidents. M. C. Dimmock, Secretary. W. H. H. Holswade, Treasurer.

The meetings of the Board of Trade will be held at the City Hall, on the first Tuesday night of each month, and members and citizens are urged to attend and participate in the meetings.

### VOLUNTEER FIRE DEPARTMENT.

In all the different divisions of the department there are 95 able bodied firemen. The stations are located as follows:

Boone Engine House, No. 2, Central Station, 4th avenue, between 8th and 9th streets.

Victor Hose Co. corner 8th avenue and 19th street.

Canda Hose Co. 4th avenue and 23d street.

Ensign Hose Co. No. 4, corner 1st avenue and 24th street.

Hook and Ladder Co. No. 1, at Central Station.

There are nine fire alarm signal boxes, located as follows:

Box No. 16, 3d avenue, West Huntington.

" 12, corner 3d avenue and 9th street.

" 34, corner 3d avenue and 12th street.

" 271, corner 3d avenue and 19th street.

" 62, corner 1st avenue and 23d street (Ensign office).

" 44, Chesapeake & Ohio shops.

" 25, corner 8th avenue and 20th street.

" 53, corner 6th avenue and 10th street.

" 5, Boone Engine House, Central Station.

Signal for "fire out" is two taps on the tower bell and on all the gongs. J. W. Boone, Chief Fire Department, and Superintendent Fire Alarm Telegraph. Jacob Elegar, Assistant Chief.

 Thirty-first street runs from Third avenue to Seventh avenue  
 First avenue commences Twentieth street, running east to Thirty-first street

XX

# HUNTINGTON DIRECTORY.

Second avenue commences First street, running east to Sixteenth street, then from Twenty-fifth to Thirty-eighth street

Third avenue commences First street, running east to Thirty-first street

Fourth avenue commences First street, running east to Sixteenth street, then from Seventeenth to Thirty-first streets

Fifth avenue commences First street, runs to Sixteenth street, then from Eighteenth to Thirty-first streets

Sixth avenue commences First street, runs to Sixteenth street, then from Twentieth to Twenty-fourth streets and from Seventeenth to Thirty-first streets

Seventh avenue commences First street, runs to Sixteenth street, then from Nineteenth to Thirty-first streets

Eighth avenue commences Second street, runs to Twenty-fourth street

Ninth avenue commences Second street, runs to Eleventh street, then from Seventeenth to Twenty-fourth streets

Tenth avenue commences Second street, runs to Eleventh street, then from Eighteenth to Twenty-fourth streets

Eleventh avenue commences Second street, runs to Twelfth street, then from Eighteenth to Twenty-second streets

Twelfth avenue commences Second street, runs to Twelfth street, then from Eighteenth to Twenty-second streets

Thirteenth avenue commences Fourth street, runs to Twelfth street

Virginia avenue commences at Seventeenth street, runs to Twentieth street, between Third and Fourth avenues

College avenue commences at Seventeenth street, runs to Twentieth street, between Fourth and Fifth avenues

Maplewood avenue commences at Nineteenth street, runs to Twentieth street, between Fifth and Sixth avenues

Buffington avenue commences at Nineteenth street, runs to Twentieth street, between Sixth and Seventh avenues

Locust avenue commences at Nineteenth street, runs to Twentieth street, between Seventh avenue and Railroad

Artisan avenue commences at Seventeenth street, runs to Twentieth street, between Eighth and Ninth avenues

Odd numbers are on the right and even numbers on the left going east on the avenues, or south on the streets

On crossing a street or avenue, the numbers begin with even hundreds. Thus: starting at Eighth street on Third avenue, the first number is 801; the last number in that square will be 856; but begins again on east side of Ninth street, 901. The same rule holds in going south on the streets. The first number south of Second avenue is 201, and so on of all the avenues

**LEON G. BROWN**, Doors, Sash, Lime, Best Grades of Cement,  
Sberwin & Williams' and Star Paints, and all kinds of Builders' Supplies,

"The Wise Man Built His House on the Rock."

THE WISE MAN USES

# FITZGERALD'S PATENT PLASTER

*The Saving of time in getting the building  
finished pays the difference in the  
price of Plaster, and you  
have a Hard, Fine  
Wall, to*

## STAND FOREVER!

Free from Vermin and Disease.

Manufactured at HUNTINGTON, W. VA.

Everybody can afford to use this Plaster to Repair Walls, make  
Hearth Stones, set Grates, Plaster Houses, and move in next day, if in  
warm weather; the carpenter work is not stopped.

Cheap houses can use it to great advantage. Try it.

OFFICE OF

# Huntington Bed Lounge Comp'y.

HUNTINGTON, WEST VA., MARCH 19, 1891.

DEAR SIR:—

We beg leave to call your attention to our new enterprise, i. e.: the manufacture of Bed Lounges exclusively for the trade. We are now fully prepared with a large stock of Lounge Frames and a well assorted stock of

**Tapestry, Body Brussels, and Velvet Carpets,  
Moquettes, Silks and Plushes,  
and Patterns**

in all their varieties to fill orders as fast as received. We finish our Frames in Walnut, Oak, Antique Oak, 16th Century and Old English Oak, as ordered, and will upholster in any color or style desired, on short notice. Our workmen are first-class in their several departments, and have strict instructions to do good work only. Our prices are very low on each lounge, as we expect our profit to come from the large number we manufacture and sell. Soliciting a trial order from you, we believe it will be the means of making you a regular customer. Hoping to hear from you soon, we are,

Respectfully yours,

HUNTINGTON LOUNGE CO

A. B. PALMER, Sec'y & Treas.

# Reasons

WHY WE WE ARE ALWAYS BUSY!

WE OFFER YOU A LARGE AND SPLENDID  
ASSORTMENT OF

## Dry Goods and Notions

We challenge comparison from any quarter for magnitude, variety and general excellence of assortment. Our prices are always found to be the lowest, and our goods of the best quality and of the most fashionable designs. We sell low price goods as well as the finest grades in foreign and domestic makes. Our clerks are always polite and willing to show goods, and endeavor to please you, and make you feel at home in our store. We invite every body to call and inspect our stock, and compare prices, and see who does the best for you.
